

Health and Safety During COVID-19

Updated June 2, 2021

This document is subject to modification per CDC and MN Dept. of Health Guidelines

Lake Beauty Ministries is so excited to welcome you to camp this summer! Together we can work to provide a safe and healthy experience at Camp. Best-Practice guidelines on promoting health and safety will be communicated through a pre-camp email, website posts, onsite signage, and welcome packets.

What to expect when coming to camp.

Requirements:

- Guests must agree to Camp's health screening procedures. Please see *Guest Screening* on the back page.
- Stay home if you are sick or were exposed to COVID-19.
- Guests must bring your own pillows, linens, bedding and towels.

What you can do to keep camp healthy:

- Practice physical distancing (6') with those not in your household or cohort.
- Wearing a face covering is currently recommended (but not required) for all unvaccinated individuals when indoors, except when eating meals at your table in the dining hall or sleeping.
- Wash hands with soap and water for twenty seconds and wash often.
- Avoid touching eyes, nose, and mouth.
- Cover coughs and sneezes.
- Avoid sharing personal items and foods.

What we will do to keep camp healthy:

- Continually update and abide by our COVID-19 preparedness plan in accordance with state guidance.
- All lodging and common areas are set up—sleeping, campfire, meals—to allow for distance from others.
- When possible, all camp activities will be held outdoors.
- Staff will follow workplace guidelines, including all staff being screened for symptoms of COVID-19 every day.
- Food Service will follow MN Dept. of Health guidelines. In addition, guests will be assigned seating with their lodging/cabin group. Staff will dismiss tables to the food line one at a time. Sanitizer will be located at all food station
- Camp will request the names and contact information for all guests for potential contact tracing purposes.
- No one, other than registered guests, will be allowed to visit.
- Maintain a regular cleaning and disinfecting schedule as well as adequate ventilation systems.

Summer Youth Campers - *Cohort System* for Housing, Meals, Activities

- *Cohorts* - Per COVID-19 prevention guidance for youth camps, campers will be split into cohorts of less than 25 people. Campers will do activities with each other, sit with each other at chapel, eat meals with each other, will not be asked to physically distance between other participants of the same cohort, and will sleep in a cabin only with members of their cohort.
- Cohorts will maintain distance from other cohorts while at camp.

Housekeeping

Lake Beauty's housekeeping and facilities teams will follow the guidelines outlined in the *MNDH Lodging Establishment Cleaning Guidance for COVID-19*.

- All private housing units and restrooms will be thoroughly cleaned between sessions with all common touch points disinfected.
- All public restrooms will be cleaned twice per day while guests are on site. During these cleanings, all public area touch points will be disinfected.

Guest Screening

Screening is based on the *MNDH Visitor and Employee Health Screening Checklist*. No temperatures are taken. All information is confidential. Please help Camp stay healthy and remain open for guests by complying with the following:

- Pre-Screening questions will be sent to guests a week prior to your stay and must be reviewed with each guest/camper the day you leave home for Camp.
- Daily Screening questions will be asked 1) upon arrival at camp; and 2) each day at a designated mealtime.
- Post Screening questions will be sent via email.

HEALTH SCREENING QUESTIONS

Question 1: **Do you feel sick or do you have any of the following symptoms of COVID-19?**

- Fever (100.4 F or higher) • new cough • shortness of breath • chills • new severe headache
- muscle pain • sore throat • extreme fatigue • new nasal congestion • new loss of taste or smell
- nausea • vomiting • diarrhea

Question 2: **Have you had *close contact** with someone who was diagnosed or suspected to have COVID-19 within the last 14 days?**

* *Close contact* means: A person has been within 6 feet of a COVID-19 case for a cumulative time of 15 minutes (CDC).

Question 3: **Are you currently in a self-isolation/quarantine due to exposure or illness or while awaiting the results of a COVID-19 test?**

If you answer YES to any of the above questions, we will follow the COVID-19 exposure plan below

COVID-19 Exposure Plan for Families and Guest Groups

Should a guest develop COVID-19 symptoms or become aware of direct COVID-19 exposure, the following steps will be taken:

- The sickened person and any person housed with him/her will be asked to leave camp as soon as practically possible and seek medical attention as needed.
- Staff will clean and sanitize any rooms where the exposed person has been.
- Staff will communicate to guests and staff if there is a possibility of exposure to them, acting appropriately if they or any other staff need to be quarantined.

COVID-19 Exposure Plan for Youth Camps

Should a youth camper develop COVID-19 symptoms or become personally aware of a previous direct COVID-19 exposure while at camp, Camp will follow the [COVID-19 Decision Tree](#) for People in Schools, Youth, and Childcare programs to evaluate and will follow the appropriate path forward.

- Staff will communicate with parents should their child experience symptoms while at Camp.
- Parents are expected to pick up their child if their child is showing symptoms that require them to be sent home.
- We request that any camper showing symptoms be tested for COVID-19 and that Camp would be informed of test results for contact tracing purposes. *Confidentiality will be maintained.

Fully Vaccinated individuals

- Includes individuals who are fully vaccinated two weeks after their final dose of vaccine – either the second dose of the Pfizer or Moderna vaccine or the single-dose Johnson & Johnson vaccine.
- Do not have to isolate from others or seek testing if considered a close contact.
- Are required to follow the decision tree, isolate from other, and seek testing if showing symptoms consistent with COVID-19.
- Are not required to wear face covering.
